Semi Auto Pistol Work

Many of the modern Semi-Auto Pistols have replicable components and modifying these components can be detrimental to the guns overall function. However, there are many quality aftermarket upgrades available and we install these upgrades at the customer's request. If you are in need of any of these upgrades feel free to contact us.

Detail strip and clean ultrasonically	\$40.00
Clean and smooth the action (includes a detail strip and clean)	\$50.00
Replace component(s) with factory original (parts not included)	\$40.00/hr.

Hourly rate is billed in ¼-hour increments after 1 hour.

Replace rear sight	\$20.00
Replace screw in front sight	\$15.00
Replace both sights (free if the sights are purchased from Target World)	\$30.00
Restore the white dot sights (Repaint the inserts with "Bright Sights")	\$20.00
Polish Feed ramp	\$40.00
Polish and elongate the ejection port (re-bluing extra)	\$60.00
